

## HI-TECH DEVICE BODIES MODELING

**MAGNIFICO II** is the latest device that our skilled staff at Prestige Spa uses to help fight sagging skin and cellulite. The treatment can be performed on a selected area of the body. Before using the Hi-Tech device, we recommend an option that includes a draining scrub, anti-cellulite mask, and a manual massage with a special product. This combination will allow you to achieve spectacular results after just one treatment. For more information, please contact our reception.
